Bid and Contract Opportunities

Volume 13, Number 1

January 2, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid and Contract Opportunities

Volume 13, Number 5

January 8, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request: fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

The newsletter is on television!

The information in the newsletter now appears on Citywatch, the San Francisco Government Access Channel, Cable Channel 54 in San Francisco only. The bids run as part of the City Notices program, from 6:00 to 6:30 a.m. and 8:00 to 8:30 a.m., on Mondays, Tuesdays and Fridays. The information is updated every Friday morning.

We will keep you notified of any scheduling changes.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

The Purchasing Department's Home Page is at <http://www.ci.sf.ca.us/purchase/>
The newsletter is posted every day.

The booklet "How To Do Business with the City and County of San Francisco" is also on the Internet. You can link to it from Purchasing's Home Page.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

Bid and Contract Opportunities

Volume 13, Number 10

January 15, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

The newsletter is on television!

The information in the newsletter now appears on Citywatch, the San Francisco Government Access Channel, Cable Channel 54 in San Francisco only. The bids run as part of the City Notices program, from 6:00 to 6:30 a.m. and 8:00 to 8:30 a.m., on Mondays, Tuesdays and Fridays. The information is updated every Friday morning.

We will keep you notified of any scheduling changes.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

Bid and Contract Opportunities

Volume 13, Number 14

January 22, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will **mail** you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

The newsletter is on television!

The information in the newsletter now appears on Citywatch, the San Francisco Government Access Channel, Cable Channel 54 in San Francisco only. The bids run as part of the City Notices program, from 6:00 to 6:30 a.m. and 8:00 to 8:30 a.m., on Mondays, Tuesdays and Fridays. The information is updated every Friday morning.

We will keep you notified of any scheduling changes.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

The Purchasing Department's Home Page is at <http://www.ci.sf.ca.us/purchase/>
The newsletter is posted every day.

The booklet "How To Do Business with the City and County of San Francisco" is also on the Internet. You can link to it from Purchasing's Home Page.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

BID INFORMATION

The City and County of San Francisco's Purchasing Department uses competitive bidding to purchase the Equipment, Supplies and General Services listed on the front page of our publication. To bid, vendors may request bids by following the instructions at the end of the newsletter. A more detailed description or specification of the product or service which we are purchasing is shown on the bid document itself. In addition, terms of delivery, general conditions which apply to the purchase, and other legal requirements, are part of the documents. Purchasing encourages vendors to inspect the documents before submitting a bid. Our bid numbering system is in transition. Bids 3 or 5 digits long, or with the suffix CD or CL are estimated to be over \$50,000. Purchasing opens these bids publicly and vendors may be present at the opening. Bids 4 digits long, or with the suffix M/Q, are estimated to be under \$50,000. Vendors should return completed bids in the envelope provided no later than the date and time indicated on the bid form.

Construction, Architects and Engineers, Consultants and Professional Services, and Concession and Lease contracts are administered and awarded by the department that is offering the contract. Also, the newsletter may contain a second Equipment, Supplies and General Services section, which lists these types of contracts but which are offered by departments other than Purchasing. Contact the department listed to obtain bid documents and information on bidding procedures.

ACCESSIBILITY

Vendor representatives who need accessibility accommodations for attending Purchasing's bid openings in Room 514, 633 Folsom, should call Purchasing's ADA Coordinator at 554-6743, at least 72 hours prior to the bid opening. For information on accessibility for other departments' bid openings, pre-bid conferences, etc. contact those departments directly.

BID DOCUMENTS PREVAIL

The City and County of San Francisco is not liable to any subscriber or any other user for damages or costs incurred in connection with the use of, or any reliance upon, any information contained in "Bid and Contract Opportunities." The information contained herein is subject to typographical error in the transcribing or printing of its contents. Information contained in this publication is intended only as a notification to readers of available procurement opportunities. When discrepancies occur, the information contained in the bid documents shall prevail.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

The newsletter is on television!

The information in the newsletter now appears on Citywatch, the San Francisco Government Access Channel, Cable Channel 54 in San Francisco only. The bids run as part of the City Notices program, from 6:00 to 6:30 a.m. and 8:00 to 8:30 a.m., on Mondays, Tuesdays and Fridays. The information is updated every Friday morning.

We will keep you notified of any scheduling changes.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

The Purchasing Department's Home Page is at <http://www.ci.sf.ca.us/purchase/>
The newsletter is posted every day.

The booklet "How To Do Business with the City and County of San Francisco" is also on the Internet. You can link to it from Purchasing's Home Page.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will **mail** you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

Bid and Contract Opportunities

Volume 13, Number 28

February 12, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. To have a Purchasing bid mailed to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will **mail** you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

The newsletter is on television!

The information in the newsletter now appears on Citywatch, the San Francisco Government Access Channel, Cable Channel 54 in San Francisco only. The bids run as part of the City Notices program, from 6:00 to 6:30 a.m. and 8:00 to 8:30 a.m., on Mondays, Tuesdays and Fridays. The information is updated every Friday morning.

We will keep you notified of any scheduling changes.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

The Purchasing Department's Home Page is at <http://www.ci.sf.ca.us/purchase/>
The newsletter is posted every day.

The booklet "How To Do Business with the City and County of San Francisco" is also on the Internet. You can link to it from Purchasing's Home Page.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

Bid and Contract Opportunities

Volume 13, Number 37

February 26, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

The newsletter is on television!

The information in the newsletter now appears on Citywatch, the San Francisco Government Access Channel, Cable Channel 54 in San Francisco only. The bids run as part of the City Notices program, from 6:00 to 6:30 a.m. and 8:00 to 8:30 a.m., on Mondays, Tuesdays and Fridays. The information is updated every Friday morning.

We will keep you notified of any scheduling changes.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

The Purchasing Department's Home Page is at <http://www.ci.sf.ca.us/purchase/>
The newsletter is posted every day.

The booklet "How To Do Business with the City and County of San Francisco" is also on the Internet. You can link to it from Purchasing's Home Page.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

Bid and Contract Opportunities

Volume 13, Number 42

March 5, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

Bid and Contract Opportunities

Volume 13, Number 57

March 26, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

The newsletter is on television!

The information in the newsletter now appears on Citywatch, the San Francisco Government Access Channel, Cable Channel 54 in San Francisco only. The bids run as part of the City Notices program, from 6:00 to 6:30 a.m. and 8:00 to 8:30 a.m., on Mondays, Tuesdays and Fridays. The information is updated every Friday morning.

We will keep you notified of any scheduling changes.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

The Purchasing Department's Home Page is at <http://www.ci.sf.ca.us/purchase/>
The newsletter is posted every day.

The booklet "How To Do Business with the City and County of San Francisco" is also on the Internet. You can link to it from Purchasing's Home Page.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

The City and County of San Francisco is not liable to any subscriber or any other user for damages or costs incurred in connection with the use of, or any reliance upon, any information contained in "Bid and Contract Opportunities." The information contained herein is subject to typographical error in the transcribing or printing of its contents. Information contained in this publication is intended only as a notification to readers of available procurement opportunities. When discrepancies occur, the information contained in the bid documents shall prevail.

BID DOCUMENTS PREVAIL

Vendor representatives who need accessibility accommodations for attending Purchasing's bid openings in Room 514, 633 Folsom, should call Purchasing's ADA Coordinator at 554-6743, at least 72 hours prior to the bid opening. For information on accessibility for other departments' bid openings, pre-bid conferences, etc., contact those departments directly.

ACCESSIBILITY

Our bid numbering system is in transition. Bids 3 or 5 digits long, or with the suffix CD or CL, are estimated to be over \$50,000. Purchasing opens these bids publicly and vendors may be present at the opening. Bids 4 digits long, or with the suffix MQ, are estimated to be under \$50,000. Vendors should return completed bids in the envelope provided no later than the date and time indicated on the bid form.

Construction, Architects and Engineers, Consultants and Professional Services, and Concession and Lease contracts are administered and awarded by the department that is offering the contract. Also, the newsletter may contain a second Equipment, Supplies and General Services section, which lists these types of contracts but which are offered by departments other than Purchasing. Contact the department listed to obtain bid documents and information on bidding procedures.

BID INFORMATION

The City and County of San Francisco's Purchasing Department uses competitive bidding to purchase the Equipment, Supplies and General Services listed on the front page of our publication. To bid, vendors may request bids by following the instructions at the end of the newsletter. A more detailed description or specification of the product or service which we are purchasing is shown on the bid document itself. In addition, terms of delivery, general conditions which apply to the purchase, and other legal requirements, are part of the documents. Purchasing encourages vendors to inspect the documents before submitting a bid.

If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing. Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

BID DOCUMENTS PREVAIL

Vendor representatives who need accessibility accommodations for attending Purchasing's bid openings in Room 514, 633 Folsom, should call Purchasing's ADA Coordinator at 554-6743, at least 72 hours prior to the bid opening. For information on accessibility for other departments' bid openings, pre-bid conferences, etc., contact those departments directly.

ACCESSIBILITY

Construction, Architects and Engineers, Consultants and Professional Services, and Concession and Lease contracts are administered and awarded by the department that is offering the contract. Also, the newsletter may contain a second Equipment, Supplies and General Services section, which lists these types of contracts but which are offered by departments other than Purchasing. Contact the department listed to obtain bid documents and information on bidding procedures.

Our bid numbering system is in transition. Bids 3 or 5 digits long, or with the suffix CD or CL, are estimated to be over \$50,000. Purchasing opens these publicly and vendors may be present at the opening. Bids 4 digits long, or with the suffix MQ, are estimated to be under \$50,000. Vendors should return completed bids in the envelope provided no later than the date and time indicated on the bid form.

Other legal requirements, are part of the documents. Purchasing encourages vendors to inspect the documents before submitting a bid. To bid, vendors may request bids by following the instructions at the end of the newsletter. A more detailed description or specification of the product or service which we are purchasing is shown on the bid document itself. In addition, terms of delivery, general conditions which apply to the purchase, and other legal requirements, are part of the documents. Purchasing encourages vendors to inspect the documents before submitting a bid.

The City and County of San Francisco's Purchasing Department uses competitive bidding to purchase the Equipment, Supplies and General Services listed on the front page of our publication.

Bid and Contract Opportunities

Volume 13, Number 66

April 9, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. To have a Purchasing bid mailed to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

The newsletter is on television!

The information in the newsletter now appears on Citywatch, the San Francisco Government Access Channel, Cable Channel 54 in San Francisco only. The bids run as part of the City Notices program, from 6:00 to 6:30 a.m. and 8:00 to 8:30 a.m., on Mondays, Tuesdays and Fridays. The information is updated every Friday morning.

We will keep you notified of any scheduling changes.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

The Purchasing Department's Home Page is at <http://www.ci.sf.ca.us/purchase/>
The newsletter is posted every day.

The booklet "How To Do Business with the City and County of San Francisco" is also on the Internet. You can link to it from Purchasing's Home Page.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

Bid and Contract Opportunities

Volume 13, Number 71

April 16, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department

Bid Desk, (bid number and due date)

633 Folsom St., Room 514

Would you like to receive the newsletter by fax instead of by mail?

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will **mail** you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid and Contract Opportunities

Volume 13, Number 86

May 7, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514

Bid and Contract Opportunities

Volume 13, Number 100

May 28, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. To have a Purchasing bid mailed to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

Reminder:

Equal Benefits Ordinance Goes into Effect June 1, 1997

For more information, call Purchasing, or Cynthia Goldstein of the Human Rights Commission at (415) 252-2515. Also, you can visit HRC's website at: www.sfhumanrights.org/lgbth.

The bids run as part of the City Notices program, from 6:00 to 6:30 a.m. and 8:00 to 8:30 a.m., on Mondays, Tuesdays and Fridays. The information is updated every Friday morning.

We will keep you notified of any scheduling changes.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

The Purchasing Department's Home Page is at <http://www.ci.sf.ca.us/purchase/>

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

Bid and Contract Opportunities

Volume 13, Number 105

June 4, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

The newsletter is on television!

The information in the newsletter now appears on Citywatch, the San Francisco Government Access Channel, Cable Channel 54 in San Francisco only. The bids run as part of the City Notices program, from 6:00 to 6:30 a.m. and 8:00 to 8:30 a.m., on Mondays, Tuesdays and Fridays. The information is updated every Friday morning.

We will keep you notified of any scheduling changes.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

The Purchasing Department's Home Page is at <http://www.ci.sf.ca.us/purchase/>
The newsletter is posted every day.

The booklet "How To Do Business with the City and County of San Francisco" is also on the Internet. You can link to it from Purchasing's Home Page.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

Bid and Contract Opportunities

Volume 13, Number 110

June 11, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

The newsletter is on television!

The information in the newsletter now appears on Citywatch, the San Francisco Government Access Channel, Cable Channel 54 in San Francisco only. The bids run as part of the City Notices program, from 6:00 to 6:30 a.m. and 8:00 to 8:30 a.m., on Mondays, Tuesdays and Fridays. The information is updated every Friday morning.

We will keep you notified of any scheduling changes.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Bid and Contract Opportunities

Volume 13, Number 120

June 25, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. To have a Purchasing bid mailed to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

The Purchasing Department's Home Page is at <http://www.ci.sf.ca.us/purchase/>
The newsletter is posted every day.

The booklet "How To Do Business with the City and County of San Francisco" is also on the Internet. You can link to it from Purchasing's Home Page.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

Bid and Contract Opportunities

Volume 13, Number 139

July 23, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid and Contract Opportunities

Volume 13, Number 144

July 30, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid and Contract Opportunities

Volume 13, Number 149

August 6, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

How to Get a Copy of a Purchasing Department Bid

If you are in San Francisco and would like a copy of a Purchasing bid, you must visit 633 Folsom St., Room 514, between 8 a.m. and 5 p.m., because we cannot mail bids within San Francisco. If you are located outside San Francisco, you must fax or mail a bid request to Purchasing.

Whether you fax or mail your bid request, please include a **very brief** description (1-3 words) of the product or service. We can use the description to confirm that the bid number is correct.

To fax your request, fax it to: Bid Desk, (bid number, due date, and description), (415) 554-6717. You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid.

To mail your request, mail it to:

Purchasing Department
Bid Desk, (bid number and due date)
633 Folsom St., Room 514
San Francisco, CA 94107-3607

You must include the bid number and bid due date. The description is optional, but helpful. We will mail you the bid. If you have questions about a bid request you have submitted, call Purchasing's front counter at (415) 554-6743.

We cannot fax bids, but we can send them by **Federal Express collect**. If that's what you would like, please indicate that in your bid request and give us your **Federal Express account number**.

Do not send or fax to Purchasing a request for a bid which is managed by another department.

We're on the Internet!

The Purchasing Department and the newsletter are now on the World Wide Web.

The Purchasing Department's Home Page is at <http://www.ci.sf.ca.us/purchase/>
The newsletter is posted every day.

The booklet "How To Do Business with the City and County of San Francisco" is also on the Internet. You can link to it from Purchasing's Home Page.

Would you like to receive the newsletter by fax instead of by mail?

Purchasing faxes the "Bid and Contract Opportunities" newsletter to interested subscribers. Faxing can get the newsletter into your hands several days sooner than mailing it can. If you would like us to begin faxing it to you, please call (415) 554-6216.

Also, we can fax you **only** the parts of the newsletter you need, rather than the whole thing.

Trade Mission to South Africa
September 1-5, 1997

The Minority Business Development Agency (MBDA) will lead an extraordinary and exciting trade mission to the cities of Johannesburg and Cape Town. The trade mission will be open to all areas of industry interested in promoting their products or services. Participating U.S. minority companies will be matched with qualified agents, distributors, representatives, and joint venture partners in this emerging market.

Best business prospects: consumer goods, telecommunication products and services, automotive parts and equipment, medical equipment and health care services, construction equipment, agricultural equipment and parts.

Why should you join the MBDA trade mission to South Africa? South Africa is one of the Big Emerging Markets (BEM) with a GDP nearly four times that of Egypt, its nearest competitor on the continent. South Africa is in a position to experience an economic boom over the next few years due to its global economic upturn, agricultural recovery, export growth, and private and public sector investment in its infrastructure. These developments could in turn generate additional employment, higher disposable income, and sustained economic growth, creating a rapidly growing multiracial middle class and increased investment opportunities for U.S. minority businesses.

If your company is selected as a participant on the trade mission to this investment climate, you will qualify for the following services:

- business appointment with prescreened prospects interested in your product or service
- in-country publicity
- convenient sales avenues
- thorough briefings on market requirements and business practices
- receptions and other networking opportunities with government officials and members of the local business community

All small business owners interested in new opportunities for growth and increased sales are encouraged to participate. The participation fee is \$1,000. Space is limited to 15 companies, and the registration deadline is August 8, 1997. To find out how your company can take advantage of this opportunity, contact Raphael Hampton at (202) 482-1017.

Bid and Contract Opportunities

Volume 13, Number 154

August 13, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. Bid and Contract Opportunities

Volume 13, Number 197

October 15, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. To have a Purchasing bid mailed to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid and Contract Opportunities

Volume 13, Number 202

October 22, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

Bid and Contract Opportunities

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. Bid and Contract Opportunities

Volume 13, Number 221

November 19, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. All phone numbers are area code (415), unless otherwise indicated.

The first "Equipment, Supplies and General Services" section lists bids managed by the Purchasing Department. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. To have a Purchasing bid mailed to you, follow the instructions on the last page. To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.

December 10, 1997

This newsletter is San Francisco's weekly listing of bids for equipment and general services, construction, A&E, consultants, and concessions and leases. Where you should call for more information, or where you should call or go to get a copy of a bid, depends on what department is managing the bid. If you have a question about a Purchasing bid, you should obtain a copy of the bid before calling Purchasing. **To have a Purchasing bid mailed to you, follow the instructions on the last page.** To bid on transactions listed in other sections, call the contracting official for the department or agency which is offering the contract.
